Jesus rebuked him and said, ***"Quiet! Come out of him!"*** The unclean spirit convulsed him and with a loud cry came out of him.

Your annual tax statements will be available in the back of the church this Sunday. If you don't pick it up, we will

mail them out. If you have any questions or issues about your statement, call the Rectory at 846-4114. Some of the information from the old system didn't transfer over well so there may be some missing check numbers.

The Annual Catholic Appeal (ACA) is active and you should get another letter from the Bishop soon asking you to participate.

The Butte Deanery Catholic Journey Experience would like to invite you to the closing ceremonies for the Journey weekends. This is the climax of the weekend. We would love to be able to fill

the church with the "Body of Christ"! If you feel called by God to come share your love for God and your faith with your presence, the Women's closing will be on January 28th at 3 pm. The men's closing will be February 4th at 2 pm. Both ceremonies will be held in the church at Saint Ann's in Butte. A reception will follow.

We also have two parishioners planning on taking the Journey. Christina Dickson will be attending this weekend and Tim Heydt will be going on the men's weekend. His wife Dawn will be working the kitchen that week also. Please remember to keep them all in your prayers.,

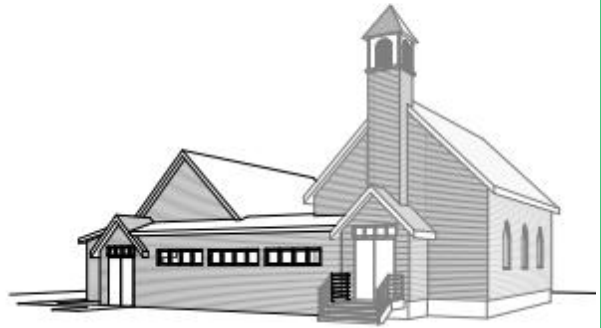

The architects came up with three different potential elevations for an addition to the church. The primary goals were to get bathroom(s), a good ramp and coverage to get into the church, a gathering space and to keep the overall cost as low as possible. If you compare closely, you will see that the primary difference is the rooflines and how they blend into the existing church. The more complicated the roofline the more costly the construction though. All three have the same basic interior plan with 1,000 sq. feet of usable space and two bathrooms. The window configurations can be more easily changed to be whatever we want. Knocking down the one wall and extending the space created some technical, liturgical and code issues so we had them focus on creating a new building and connecting the spaces. To get water we will either have to drill a well or get a cistern system. Because the lot is so small, we will likely have to put in a sewage pit and have it pumped regularly because there is not enough room for a drainage field. We will have a meeting shortly to discuss the options.
